

40series

12,000 lb. capacity

The Automotive Lift Institute (ALI) certifies that the 40series Lifts described herein complies with the applicable provisions of the American National Standards ANSI/ALI ALCTV 2006 and are Third Party Validated by the ETL Testing Laboratory.

- 1** Provides maximum head room for working underneath vehicles
- 2** Provides rigidity and stability for rigorous servicing needs
- 3** Provides convenience and safety when lifting and lowering vehicles

- 4** Enable easy access to front end service
- 5** Allows technician to disengage all four columns simultaneously
- 6** Provides complete optimization for your 4-Post servicing needs

Open-Front Models

Challenger Lifts' 40series 4-Post lifts are available in open-front models. This configuration allows easy access for front end work and provides unobstructed workflow.

Rolling Jacks - RJ6

Optional 6,000 lb. capacity rolling jacks allow brake and wheel access, broadening potential service revenue.
